D. BACKGROUND AND EXPERIENCE	
<p>Please briefly present the organisation (e.g. its type, scope of work, areas of activity and if applicable, approximate number of paid/unpaid staff, learners).</p>	<p>AMEFE is a non-profit educational institution established since 2013 in Málaga city, Andalusia - SPAIN. Our organisation is a big umbrella educational organisation who has a private VET school and a private ADULT school. We are intermediary organisation providing SCHOOLS for mobility projects, jobshadowing projects, and european training courses too.</p> <p>We have great experience in KA152, KA153, KA154, KA122, KA121, KA210, and KA220 projects</p> <p>Our organisation works closely with more than 50 schools in Andalusia with more than 500 classrooms from all levels: kindergarten, primary, secondary, VET and bachelor.</p>

AMEFE works in the actual problems in Europe and participates in international projects about them. The main articles of our association are the following ones, according with its official estatutes:

- To inform, teach and develop European Programmes in Andalucia.
- To promote and develop educational programmes addressed to businessmen and citizens for the management of new technologies and to provide information and advice in order to apply for European Programmes and during the required procedures for these issues.
- To face and carry out international activities as a global process for the improvement of the educational and professional situation and the situation of Andalucia in general.
- To focus on young people and to provide them with all the available information about EC initiatives, International Programmes and European Mobility Programmes in order to improve their professional skills.
- To disseminate and spread information about job and educational opportunities within other European countries.
- To bring information and other results of projects and investigations carried out within European Educational Programmes closer to the general population.
- To develop means and services that enable intercultural and linguistic learning.
- To encourage and boost the European Citizenship.
- To consolidate the knowledge about other European cultures and lifestyles.
- To encourage the European values as a means of preventing racist or xenophobic attitudes.
- To promote discussion and debates about social problems such as unemployment, racism, environment, climate change, poverty, delinquency, social exclusion and the reintegration into society of marginal population (especially handicapped people). This must be done following a translational perspective in order to enable the exchange of knowledge and experiences among European towns and cities.
- To collaborate actively with other institutions or organizations which share common goals.
- To keep and encourage the exchange of professional experiences among members and other relevant people linked to the European sphere, so as to gain help, experience and professional enrichment.

Our organisation has 10 staff and more than 300 students from all ages, specially vet and adult students.

What are the activities and experience of the organisation in the areas relevant for this project? What are the skills and/or expertise of key persons involved in this project?

AMEFE has been working in the field of European projects for more than 12 years and our team has developed great experience in producing successful projects in different areas at a national and international level. AMEFE has been involved in previous European projects which have given our staff the necessary training and experience for developing future projects.

We also have a wide network of IT and VET centres and assessors who are already trained in order to develop the materials and help in accordance with the project's requirements. In the field of education, AMEFE belongs to the Spanish Confederation of Education Centres (CECE) which includes most of the public and private schools in Spain. AMEFE collaborates with Cece in the assesing schools about Erasmus + projects. This partnership allows us to promote and disseminate our work done for the national and international projects in more than 6000 educational schools and more than 1 million of students in Spain.

	<p>In AMEFE we work all different kinds of projects, since we are part of a wide network within the public and private sector in education, as well as public national institutions and cultural heritage organisms. After all this years we have been able to create a wide network based on different matters of concern and we are willing to continue developing new projects including different fields such as education, youth, gender equality, social awareness, science, prevention and many different topics.</p> <p>Since AMEFE we are conscious that european projects are a great oportunity for personal and profesional knowledge, to exchange real and fantastics experiences in educational and cultural areas, and that mobilities of students and teachers are the best way in the life to learn under the experience.</p>
